

WEEKLY UPDATE

September 4, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We currently are in the process of complying with an order from CMS which requires us to test all employees twice a week. We are approximately 95% complete with the first round of testing and have had no confirmed positive test results. We will continue to test all employees each Monday and Thursday until further notice. Residents will not be tested at this point unless they are symptomatic or we have an employee who tests positive.

Earlier this week Governor McMaster, through DEHC, established guidelines for a gradual re-opening of Skilled Nursing Facilities in South Carolina. We are carefully reviewing this protocol while we complete our first few rounds of testing and will inform everyone when we believe it is safe to begin the re-opening process.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 803 699 4111.

Sincerely,

James Scott
